

CLAIMS:

I claim:

1. A lampshade handbag article of manufacture comprising:  
a chamber comprising a lampshade having a closed end and an open end; and,  
carrying means affixed to said lampshade.
2. The article of manufacture of claim 1, further comprising a seal at said open end  
of said chamber.
3. The article of manufacture of claim 1, further comprising at least one lampshade  
finial affixed to said lampshade.
4. The article of manufacture of claim 2, further comprising at least one lampshade  
finial affixed to said seal.
5. The article of manufacture of claim 1, further comprising a lampshade pull-chain  
attached to said lampshade.
6. The article of manufacture of claim 2, further comprising a lampshade pull-chain  
attached to said seal.

7. The article of manufacture of claim 2, wherein said seal comprises a seal selected from the group consisting of a removable top, a draw-string, a snap, a button and a zipper.
8. The article of manufacture of claim 1, wherein said open end has a diameter which exceeds a diameter of said closed end.
9. A lampshade manufacturing method comprising the steps of:  
coupling carrying structure to a lampshade; and,  
sealing a closed end of said lampshade.
10. The method of claim 9, wherein said coupling step comprises the step of coupling a carrying strap to said lampshade.
11. The method of claim 9, wherein said coupling step comprises the step of coupling a carrying handle to said lampshade.
12. The method of claim 9, further comprising the step of attaching a seal to an open end of said lampshade.
13. The method of claim 9, further comprising the step of affixing at least one finial to said lampshade.

14. The method of claim 12, further comprising the step of affixing at least one finial to said seal.

15. The method of claim 9, further comprising the step of coating said lampshade with a decorative fabric.

16. The method of claim 9, further comprising the step of affixing at least one lampshade pull chain to said lampshade.

17. The method of claim 12, further comprising the step of affixing at least one lampshade pull chain to said seal.

18. A lampshade handbag system comprising a plurality of different lampshade handbags, each of said different lampshade handbags having a differently shaped lampshade as a handbag chamber.

19. The system of claim of claim 13, wherein each of said different lampshade handbags further have different lampshade finials affixed to corresponding differently shaped lampshades.
